SENSORY FRIENDLY NIGHT

AT HERSHEY'S CHOCOLATE WORLD

SENSORY FRIENDLY NIGHT

I'm going to Sensory Friendly Night at **HERSHEY'S CHOCOLATE WORLD!**

I walk into the lobby of **HERSHEY'S CHOCOLATE WORLD**, and there are going to be friendly people welcoming us to the event.

There are a lot less people throughout the building than on a normal day, and I can walk around with the adult who brought me here.

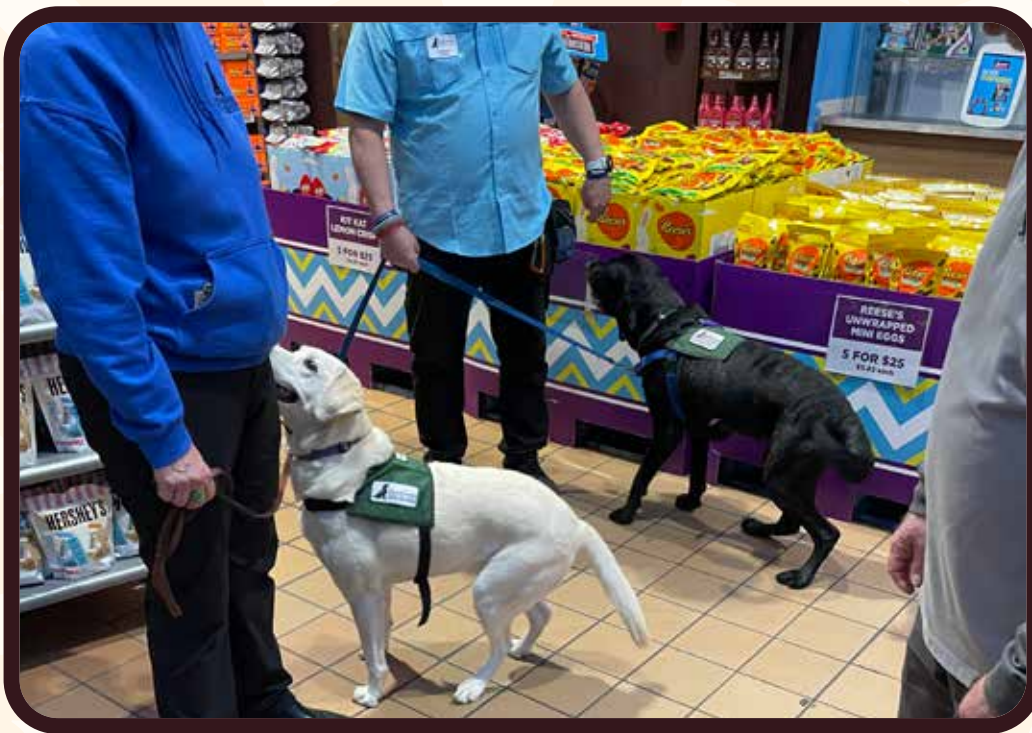

SENSORY FRIENDLY NIGHT

SUSQUEHANNA
SERVICE DOGS
KEYSTONE HUMAN SERVICES

When we go further into the lobby, I see several dogs with their trainers. They're **Susquehanna Service Dogs**. These dogs are learning to become service dogs to help folks with disabilities.

They're friendly and are learning to be helpful. I can pet the dogs only after asking their owners if I'm allowed to.

SENSORY FRIENDLY NIGHT

THE HERSHEY'S CHOCOLATE TOUR RIDE

The **HERSHEY'S Chocolate Tour** ride is free for all visitors and at the end I get a snack sized **HERSHEY'S Milk Chocolate Bar** to enjoy.

If I'm not able to walk on the turn table at the loading station, we can ask for help at the entrance.

I'll then get to ride in a tour ride car and see how **Hershey** makes the chocolate. There will be sounds, smells, lights, music, and even singing cows.

I know I need to stay seated in the ride vehicle until we return to the station. If I need help getting out of the vehicle or walking on the turn table, I know I can ask for help.

SENSORY FRIENDLY NIGHT

CARDIO DRUMMING

I heard some fun music coming from a door in the lobby! My guardian tells me it's a cardio drumming experience. I'm allowed to go play with them if I like. They also say that if it's too loud, I'm allowed to leave the room.

I go into the room and am welcomed by the teachers from Love 2 Bee Fit!

They are guiding the class playing drum sticks on exercise balls. I'm handed drum sticks and can hit the exercise ball in time with the music.

SENSORY FRIENDLY NIGHT

TRICK-OR-TREAT TRAIL

Since it's Halloween, trick-or-treating is available with our Trick-or-Treat Trail at the back of the Food Hall. There are orange, purple and green lights illuminating the space, pumpkin decorations and 4 doors to visit.

When my guardian says I can, I'll be given a trick-or-treat bag to visit each of the 4 doors. At each door there is an employee who is friendly and gives me a few pieces of different candy. I can say or sign thank you to show appreciation to each person giving me candy if I'm able to. I'm not allowed to eat until my guardian says I can.

SENSORY FRIENDLY NIGHT

CHARACTER MEET & GREETES

They'll be dressed in their Halloween costumes. I know they're just pretending to be Halloween monsters.

The Hershey's Characters will be at the event. I know that I don't have to say hello to them if I don't want to. They'll stay in their corner. If I want to, my guardian will take a picture of me with them. I can give the friendly characters a high five or a hug.

SENSORY FRIENDLY NIGHT

CREATE YOUR OWN CANDY BAR

If my guardian purchases tickets for **Create Your Own Candy Bar**, we'll head over to that attraction. Friendly attendants in white lab coats and blue construction helmets will welcome me and talk about how to make my own candy bar!

I'll need help putting on my hairnet and apron. These are needed to go through the actual factory!

It will be slightly noisy in this space, since there is actual factory equipment operating. I can expect hissing and other noises.

SENSORY FRIENDLY NIGHT

HERSHEY'S UNWRAPPED

If my guardian purchased tickets for **HERSHEY'S Unwrapped**, we'll go to that show. This is a tasting show where I get to try four different Hershey's candies. It's hosted by a very kind teacher named **Doc Chocolate**. Doc is friendly and knows a lot about chocolate.

I'll learn about the art of tasting while using the five steps of taste-ology. They'll give me a tin that I'm not allowed to open until **Doc Chocolate** tells me I can.

There are some sounds and video screens that will help **Doc Chocolate** teach the class.

At the end of my visit, my guardian will say it's time to go home. I know that all these memories will stay with me until we visit HERSHEY'S CHOCOLATE WORLD again.
